Rank is based on:

1. Set percentage
2. Set wins
3. Game percentage
4. Game wins

Match tie-breakers count as sets. Match and set forfeits are excluded.

Players who average at least 1 set per week during the regular season qualify.

There are 86 rostered players, of whom 49 qualify.

When both captains fail to report results of a match on time, players from those teams are excluded until the week after either captain reports the results.
